John Weibl, john@winpowerstrategies.com; 206-321-xxxx
Do you agree to not accept campaign donations from fossil fuel companies?
Yes
Have you signed or will you sign the No Fossil Fuel Money Pledge (https://nofossilfuelmoney.org)?
Maybe

Why are you running for this position? What in your background has led you to run? (100 word limit)

I ran for the Supreme Court to be a voice for women in the legal profession. Change often must be top down. During my tenure, the Supreme Court has effectively addressed systemic gender, race and cultural bias in the courts and the profession. Often practices, procedures and precedent are based on the experiences of people with privilege. As a justice I have tried to embrace a broader view, including perspectives of gender, race, poverty, sexual orientation and immigration status. In my administrative role I have included people with lived experience, taken guidance from learned writings, science and educational opportunities reflecting the experiences of affected groups.

What are your most significant accomplishments on environment and climate change?

As a justice I have not taken positions on these topics.

Briefly list organizations, events, rallies, canvassing, referendums, or petitions you have engaged in to advocate for environmental protections?

As a justice I have not engaged in advocacy except in the context of the administration of justice as permitted by the Cannons of Judicial Conduct.

If elected or re-elected what specific environment, climate change, biodiversity, and environmental justice legislation will you prioritize and champion?

As a justice I am not permitted to advocate in this area.

For state office positions, what action will you take to accelerate efforts towards Washington State's 2030 Climate Goals, specifically a 45% reduction of carbon pollution below 1990 levels?

Same as above.
